BEE RESTRICTIONS

In addition to the "Rules and Regulations Relating to Keeping of Animals", you must also comply with the following Bee Restrictions:

1. Care must be taken so as not to cause a public nuisance in your neighborhood.
2. Fencing. Access to the bee hive shall be controlled by fencing, and shall meet the following criteria:
 - a) Fencing shall be constructed so that children cannot get closer than 10 feet to bee hive.
 - b) The fencing shall effectively prevent the entrance of children, and be without hand- or foot-holds that would enable a child to climb over it.
 - c) The fencing shall be at least 5 feet high, and entrances shall be equipped with a self-closing, latching gate. Gate shall be kept locked.
3. Posting Signs. Permittee shall post a sign stating "WARNING BEE HIVE" in letters that are at least 4 inches in height. This sign shall be posted conspicuously at the top of the fence surrounding the bee hive.
4. Inspection. The Saint Paul Department of Safety and Inspections (DSI) is authorized to conduct such inspections as it deems necessary to insure compliance with all provisions of this chapter, and shall have right of entry at any reasonable hour to the bee hive for this purpose.
5. Permittee shall defend and indemnify the City of Saint Paul against any and all claims arising out of keeping the bees on the premises.

Revised 1/2008
